Author Index Volume 28

Akram, Q.F., PPP in the medium run: The case of Norway 28 (2006) 700
Andersen, J.V., Comments on "Non-parametric determination of real-time lag structure between two time series: The 'Optimal thermal causal path' method with applications to economic data" 28 (2006) 225
Asada, T., P. Chen, C. Chiarella and P. Flaschel, Keynesian dynamics and the wage–price spiral: A baseline disequilibrium model 28 (2006) 90
Ashley, R. and R.J. Verbrugge, Comments on "A critical investigation on detrending procedures for nonlinear processes" 28 (2006) 192
Bajo-Rubio, O., C. Díaz-Roldán and V. Esteve, Is the budget deficit sustainable when fiscal policy is non-linear? The case of Spain 28 (2006) 596
Barnett, W.A., Comments on "Chaotic monetary dynamics with confidence" 28 (2006) 253
Barnett, W.A., *see* He, Y. 28 (2006) 5
Berument, H. and R.T. Froyen, Monetary policy and long-term US interest rates 28 (2006) 737
Casares, M. and B.T. McCallum, An optimizing IS-LM framework with endogenous investment 28 (2006) 621
Cavelaars, P., Why the world should love the euro: The welfare implications of EMU for third countries 28 (2006) 326
Cellarier, L., Constant gain learning and business cycles 28 (2006) 51
Chatelain, J.-B. and J.-C. Teurlai, Euler investment equation, leverage and cash flow misspecification: An empirical analysis on a panel of French manufacturing firms 28 (2006) 361
Chen, B.-L., Public capital, endogenous growth, and endogenous fluctuations 28 (2006) 768
Chen, P., *see* Asada, T. 28 (2006) 90
Chiarella, C., *see* Asada, T. 28 (2006) 90
Choy, K.M., K. Leong and A.S. Tay, Non-fundamental expectations and economic fluctuations: Evidence from professional forecasts 28 (2006) 446
Coen, R.M. and B.G. Hickman, An econometric model of potential output, productivity growth, and resource utilization 28 (2006) 645
Cothren, R., A model of optimal legal restrictions and open market operations 28 (2006) 480
Creel, J. and H. Le Bihan, Using structural balance data to test the fiscal theory of the price level: Some international evidence 28 (2006) 338
Dagum, E.B. and S. Giannerini, A critical investigation on detrending procedures for nonlinear processes 28 (2006) 175
Díaz-Roldán, C., *see* Bajo-Rubio, O. 28 (2006) 596
Dib, A., Nominal rigidities and monetary policy in Canada 28 (2006) 303
Diebolt, C., Comments on "Constant gain learning and business cycles" 28 (2006) 86
Diks, C., Comments on "Global sunspots in OLG models" 28 (2006) 46
Economides, G. and N. Miaouli, Federal transfers, environmental policy and economic growth 28 (2006) 680
Eggers, A. and Y.M. Ioannides, The role of output composition in the stabilization of US output growth 28 (2006) 585
Esteve, V., *see* Bajo-Rubio, O. 28 (2006) 596
Fanti, L. and L. Spataro, Endogenous labor supply in Diamond's (1965) OLG model: A reconsideration of the debt role 28 (2006) 428
Flaschel, P., *see* Asada, T. 28 (2006) 90
